Senate Page Program

Evans High School had four deserving students attend this year's Senate Page Program in Tallahassee. Evon Thompson (11th grade), Sarah Bien-Aime (11th grade), Kaylin Bronson (12th grade), and Brandon Louis (12th grade) each spent a week at the Capitol discussing the legislative process, assisting the Senators and conducting mock Senate sessions. A few of them were also interviewed by WFSU. The students had a great learning experience working and we are extremely proud of them!

Electrical Box Ribbon Cutting

A ribbon cutting ceremony was hosted to unveil Pine Hills' newly wrapped electrical box right outside of Evans High School. The box was designed by artist Ethan Long, an award-winning author and illustrator of over 100 children's books. He is known for delivering author presentations to schools, mentoring upcoming artists and writers, and creating images for several publications. Currently, Mr. Long mentors art students at Evans High School. As a Community Partnership School (CPS), Evans collaborates with the Pine Hills Neighborhood Improvement District through the CPS Community Leadership Council to expand the beautification of our community.

Senior Decision Day

Senior Decision Day was hosted at Evans High School for all graduating seniors who have committed to a post-secondary plan. This year, 85% of our seniors have committed to a post-secondary location, being military, technology school, or university. So far, there have been \$19,489,722 in scholarships distributed to the class of 2019 and 5 super scholars and counting. We are very proud of our 2019 senior class and we look forward to their continued success! GO Trojans!
